PRECISION IN EVERY SHOT

4K VIDEO RECORDING

The 4K video recording feature lets you capture and share your hunting experiences in stunning 4K quality, ensuring every detail is vividly preserved.

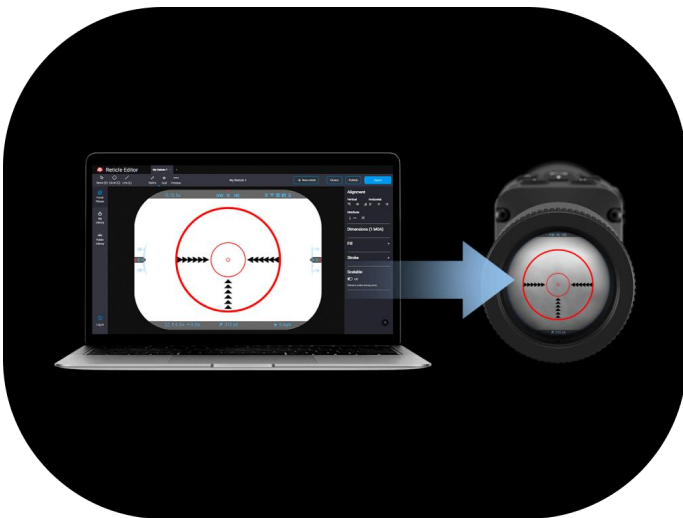

BUILT-IN LRF

Achieve pinpoint accuracy and ensure every shot counts, regardless of the distance to your target.

CUSTOM RETICLE EDITOR

Design and share unique reticles using the ATN Custom Reticle Editor for personalized hunting experiences.

ULTRA HD 4K+ RESOLUTION WITH BRAND NEW SENSOR

Creating a visual experience like never before. With true tones and vivid colors giving a true to life visual sensation.

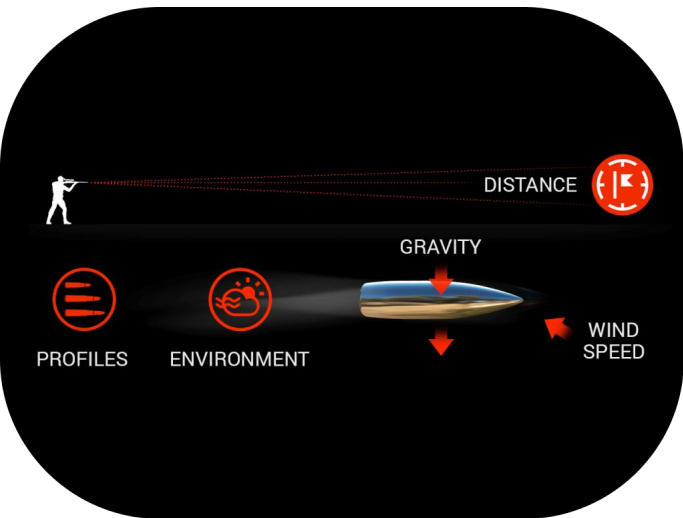

RECOIL ACTIVATED VIDEO

RAV feature captures every crucial moment in slow motion at 240 frames per second, allowing you to focus on your target while it records the seconds before and after your shot.

BALLISTIC CALCULATOR

Tailor each shot to environmental conditions, ensuring accuracy in any setting.

DUAL STREAM VIDEO

Now, you can capture and stream at the same time, live stream directly to your YouTube in the moment experience. Seamlessly connect to your home WiFi Network and transfer videos to any device with a press of a button.
